Distiller main screen

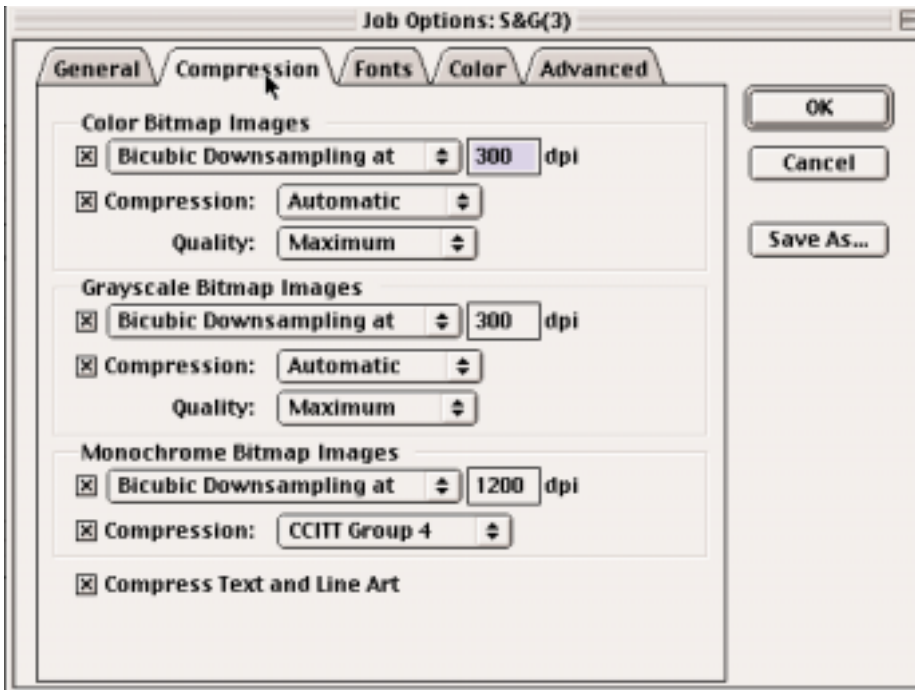

from here type '
Command J' to bring up
the 'job options' menu

You will notice there are 5
tabs at the top of the screen
(General, Compression,
Fonts, Colour and Advanced)

Here we show the **General**
tab and the
specific settings required

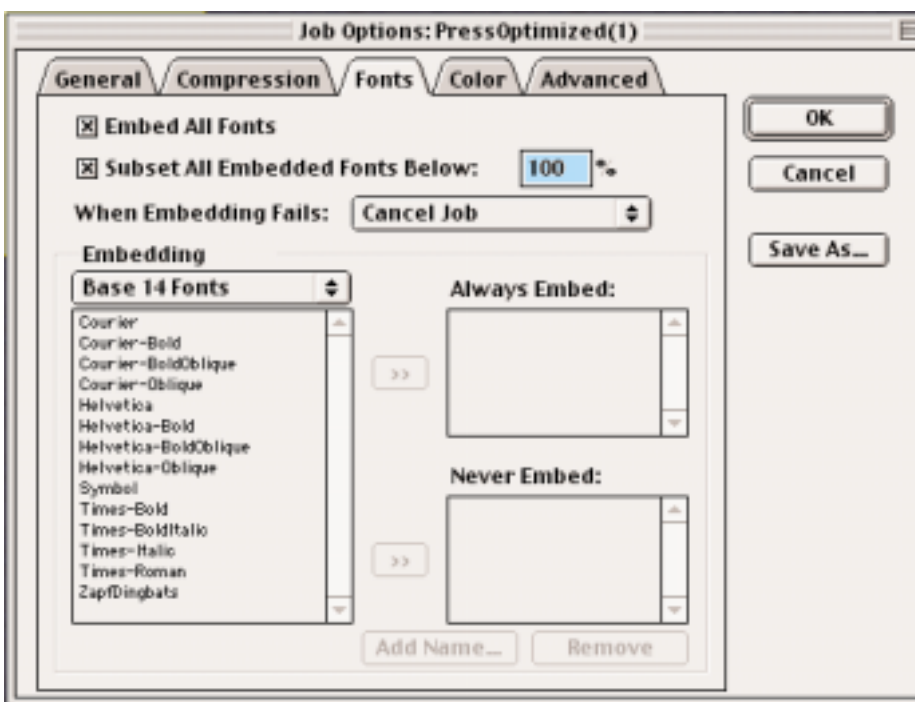

Compression

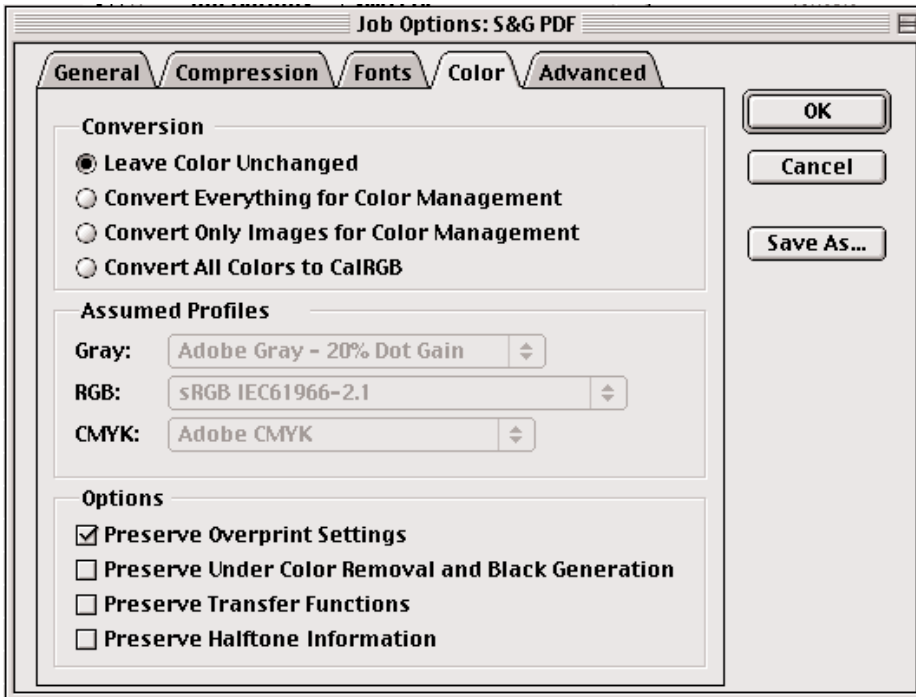

IMPORTANT

If you use copydot files within your workflow (digital high-resolution film) then please turn all 'Bicubic Downampling' OFF

Fonts

Colour

Advanced
